Name: Ray Chen

Grade: 9th grade in the fall :

Contact email: rc2018032@gmail.com

Signature: Ray Chen

Parent Signature: [Signature]

Statement:

Hello everyone, my name is Ray Chen. I am seeking this position because I am capable of helping keep track of the SGA's funds and I wish to help the SGA. I believe that the SGA provides vital services to help keep HCCS and especially its special events running smoothly through the contribution of volunteer work. I also believe that the SGA runs many fundraising events that help keep HCCS fun and not bland. The profits for these fundraisers also go to a good cause, usually helping out children in China. I have actively participated in the SGA for three years and I wish to see it continue to succeed in helping the PTA with keeping HCCS smooth and running. I have one year of past experience as treasurer for the middle school Toastmasters® which is sponsored by the HCCS PTA. In that role, I helped manage the funds for the club and keep track of earnings and expenditures. This year, I wish to move up and be able to use my skill set to help a larger organization, our HCCS SGA with these tasks. Some goals I have are to help the SGA adapt its fundraisers to meet the reality and challenges created by the current situation caused by the Covid-19 pandemic. One of my ideas would be selling T-shirts to HCCS that they would give as a replacement for certificates and other awards that HCCS usually gives. The profit margin should be low as this is also mostly as a service but it is one example fundraiser we could do online.
