

Personal Statement

By: Logan Ji

Hello everyone! My name is Logan Ji, and I will be running for Howard County Chinese School SGA treasurer during the 2020-2021 school year. I am a rising 10th grader at Chinese School and a rising 8th grader at Clarksville Middle School. I have been in SGA for over two years now and have actively participated in many events such as The 2020 Census Fun Day, the making of face masks for doctors, the Chinese New Year Gala, and much much more! This year I was even part of the performance at Royal Garden Adult Medical Daycare Center and part of the group that was going to perform at the Chinese New Year Gala. I am also part of the Chinese School Toastmasters club so I can easily communicate my voice and opinions to others about some financial things.

I am perfect for the role of treasurer because I rarely make mistakes when calculating numbers, I am very organized, and because I have had previous experience being treasurer for a local clothing company run by one of my classmates. My past experiences as being treasurer would serve me very well for being the SGA treasurer. As treasurer of that company, I never lost any money, all my calculations were correct, and I was very reliable. Also, I am extremely organized and rarely lose things. A perfect example of that would be my school binder. Instead of shoving whatever papers I get randomly into my binding and spending a ton of time finding it, I organize all of my papers according to subject and date. This method has served me extremely well as I have never been known to lose an assignment or not find it. Furthermore, I can expertly handle numbers through my experiences in Mathcounts and AMC competitions, while also being able to sharpen my math skills greatly. These competitions have led me to study math a lot and learn a lot of new things so that I would do well in those competitions. Those new things that I

learned from studying can now serve the other purpose of helping me keep track of all the money and making sure everything is in order. If I ever need help, I can just go to my dad for advice who is the Chinese School PTA treasurer.

In conclusion, I am seeking this position because I believe that the role of the treasurer is extremely vital and that I hold the skills to properly fill this position. By being in this position, I also hope to improve my team cooperation and leadership skills. One goal I would love to achieve while being treasurer is to raise money for charities who are helping people with all sorts of things whether it be hunger or lack of education. If you have any questions, you can find me at logan.ye.ji@gmail.com; I would love to talk more with you about why I should be your treasurer. Thank you for reading my statement and I look forward to serving all of you next year!

A handwritten signature in black ink that reads "Logan Ji". The letters are cursive and fluid, with a large loop at the end of the last name.A handwritten signature in black ink that reads "Feng Ju". The letters are cursive and fluid, with a large loop at the end of the last name.
